TRICARE Provider Directory

North Region

Introduction

North Region

Welcome to the Health Net Federal Services, LLC Network Provider Directory

Health Net Federal Services, LLC (Health Net) manages the TRICARE program for the TRICARE North Region, which includes the District of Columbia, 20 states and two partial states listed below. These are also referred to as the "Region."

Connecticut	Maryland	Ohio
Delaware	Massachusetts	Pennsylvania
District of Columbia	Michigan	Rhode Island
Illinois	Missouri (St. Louis Area)	Vermont
Indiana	New Hampshire	Virginia
Iowa (Rock Island area)	New Jersey	West Virginia
Kentucky	New York	Wisconsin
Maine	North Carolina	

When care is not available at a military treatment facility (MTF) or you need to be referred to a civilian provider, Health Net maintains a network of civilian providers who are available to supplement your MTF care.

The Network Provider Directory provides you with details about network hospitals, doctors and other health care professionals in the states listed above. The network providers have been selected for their commitment to quality health care and have agreed to participate in the TRICARE program options, which means they can deliver services at a lower out-of-pocket cost to you.

While Health Net makes every effort to provide you with the most current information about these providers, the information in the Network Provider Directory is subject to change as new providers join the program and others leave. The continued participation of any one doctor, hospital or other provider in the TRICARE network cannot be guaranteed. **Always contact the provider's office first to verify their current participation status.**

If you choose not to enroll in TRICARE Prime, you may see any network provider listed in the Network Provider Directory under the TRICARE Extra option. No enrollment is necessary. When you go to a network provider, you will receive reduced cost-shares and lower out-of-pocket health care expenses by showing your military identification card.

This Network Provider Directory is designed to make finding a provider quick and easy. You can even create and print your own personalized directory. The Network Provider Directory is updated weekly allowing you to access the most current provider listings in a user-friendly format. You may also suggest a provider be considered for addition to the TRICARE network or recommend a change to an existing provider listing.

The basic steps to follow when searching for a provider in the directory are:

- Select the area you wish to search from the map provided.
- Enter a ZIP code or a city and state for a Basic search.
- Narrow your search by selecting multiple provider criteria for an Advanced search.
- Access Provider Profiles from your Search Results for key information about the provider.
- Create and print your own personalized directory.

For more information call **877-TRICARE (877-874-2273)**.

TRICARE Provider Directory Listings

North Region

Thank you for using the Health Net online provider directory. The Health Net website, www.hnfs.com, is updated with the most current provider listing information. Patient load may influence an individual provider's ability to accept new patients. Contact the provider's office to verify current status or your local TRICARE Service Center (TSC) for provider availability.

The providers listed in this section are within **30** miles of the center of **28540** and met your search criteria as follows:

Provider Type: **BEHAVIORAL SPECIALISTS**
Provider Specialty: **PSYCHIATRIST, CHILD**
Max # of Providers Returned: **50**
Directory Listings: **Network Provider Directory** - Providers are displayed in alphabetical order by provider type, provider specialty, and provider name.

9 providers were found.

- All services provided by a Pastoral Counselor, Licensed Mental Health Counselor (MHC) or Licensed Professional Counselor (LPC) must be referred and supervised by a physician (MD or DO).
- A ▲ next to a provider's name indicates a Veterans Affairs (VA) provider.
